### **POLICY FOR COMPROMISE SETTLEMENTS AND TECHNICAL WRITE-OFFS**

Compromise/ settlement refers to a negotiated arrangement with the borrower to fully settle the claims of the JMJ Fintech Ltd. (hereinafter referred as the 'Company') against the borrower in cash; it may entail some sacrifice of the amount due from the borrower on the part of the Company with corresponding waiver of claims of the Company against the borrower to that extent.

Technical write-off refers to cases where the non-performing assets remain outstanding at borrowers' loan account level, but are written-off (fully or partially) by the Company only for accounting purposes, without involving any waiver of claims against the borrower, and without prejudice to the recovery of the same.

All settlement / compromise decisions shall be approved by the designated approval authorities of the Company.

The Policy recognizes that it is not possible to lay down precise guidelines which can be followed uniformly in case of all compromise offers as each offer is unique in the context of circumstances necessitating its consideration as a recovery option.

The Policy, however, lays down the following principles which are to be kept in view while considering compromise offers:

1. Company shall take up a compromise settlement / OTS proposal for consideration, irrespective of the present stage and status of the recovery proceedings.
2. Any compromise shall be a negotiated settlement under which Company shall endeavour to recover its dues to the maximum extent possible, with minimum sacrifice. However, it is recognised that amicable settlements are possible only in a win-win situation and sacrifice is a part of settlement.
3. The latest status of the activity of the borrowing entity which seeks a compromise shall be taken into reckoning during the course of negotiation.
4. As far as possible, an initial down-payment shall be taken from the borrower as evidence of his intention to pursue the compromise settlement with the Company.
5. In case the borrower has other group companies dealing with the Company, influence of these companies or the parent company shall be used for a better settlement and/or for getting additional security, pending realization of the entire amount of compromise.
6. It shall be the endeavour of Company to get the entire compromise amount within 30 days from the date of settlement. In cases where the borrower is unable to pay the entire lump sum, Company shall recover at least 25% of the settlement amount upfront. The balance 75% shall be recovered in instalments within a period of one year payment.
